

INTRODUCING OUR LATEST WALL HUNG INNOVATION

TTS-SWH SERIES

The new TTS-SWH Series provides businesses with an all-new way to meet their water heating needs. This wall hung configuration brings even more space savings without sacrificing hot water delivery & continues to provide the redundancy found in the TTS Family.

Model:
TTS-SWH2
Max BTU / hr:
399,800

Model:
TTS-SWH3
Max BTU / hr:
599,700

Features & Benefits

- OPC (One Point of Connection) for water, recirculation return line, power, gas, venting & condensation drain
- Manifold systems
 - Hot water outlet, cold water inlet, gas, & condensate drain
- Building recirculation
- Reduction in labor hours
- Includes wall bracket
- Worry-free installation
- Designed to fit through 3'-0" x 7'-0" door
- Pre-engineered system
- Pre-configured control wiring
- Pre-installed system controllers
- Warranty
 - 10 years heat exchanger per tankless unit
 - 5 years water heater parts & components
 - 3 year circulation pump
- 1 year labor
- Additional included accessories:
 - Condensate neutralizer (Qty 1)
 - Expansion tank (Non-ASME)
 - 4.5 gallon (TTS-S2MINI/3/4MINI Models)

Providing Hot Water Solutions Since 2001

FRG has pioneered comprehensive plumbing solutions & programs custom designed for each type of businesses. We are the leader in providing single-source turnkey solutions to companies nationwide. Facilities Resource Group stays focused on your operational needs & bottom line.

We Are Your Commercial Experts

With years of commercial expertise, FRG is proud to service businesses across the country with only the best in hot water heating.

DID YOU KNOW?
 In over 15 years, no business utilizing our TTS Synergy Series has ever closed due to not having hot water.

Water Heating
 Custom water heating systems for multiple commercial applications.

Water Quality
 Providing water quality solutions extending the operational life of water systems as well as site equipment.

Water Delivery
 Providing a wide range of booster pump configurations to fit your commercial application needs.

Services
 Engineered & planned maintenance solutions for all commercial water heating needs.

What is TTS?
The Total Tankless Solution

Offering high performance tankless rack systems as well as options to pair with a storage tank, the TTS Synergy Series offers industry leading performance in a wide range of configurations. Commercial Tankless engineering meets high performance with the TTS Synergy Series.

Features
OPC - One Point of Connection

- Water
- Power
- Gas
- Venting
- Condensate Drain
- Building Recirculation

Manifold System

- Hot Water Outlet
- Cold Water Inlet
- Gas
- Pre-Piped Condensate Drains

Additional Features:

- Reduction in Labor Hours
- Full Solution for Customer
- Worry-Free Installation

Smallest Footprint

- Space Savings
- Most Compact Design
- Building Recirculation

Why Synergy?
 We're synergizing multiple technologies & resources for the BEST commercial water heater systems available.

NEW
TTS-S2MINI and TTS-S4MINI Series

FRG's TTS MINI Series provide the most complete commercial water heater solution in the market. Each TTS Mini system provides businesses with unlimited hot water in the smallest footprint while having the advantage of redundancy & equalizing heating performance.

Features

- OPC (One Point of Connection)
 - Water, Recirculation Return Line, Power, Gas, Venting & Condensation Drain
- Manifold systems
 - Hot Water Outlet, Cold Water Inlet, Gas, Condensate Drain
- Building recirculation
- Reduction in labor hours
- Worry-free installation
- Designed to fit through 3'-0" x 7'-0" Door
- Pre-Engineered system
- Pre-Configured control wiring
- Pre-Installed system controllers

- Warranty
 - 10 Years Heat Exchanger per Tankless Unit
 - 5 Years Water Heater Parts & Components
 - 3 Year Circulation Pump
- 1 Year Labor
- Additional Included Accessories:
 - Condensate Neutralizer (Qty 1)
 - Expansion Tank (Non-ASME)
 - 4.5 Gallon (TTS-S2MINI/3/4MINI Models)

TTS-S2MINI
 Up to 399,800 BTU/hr

TTS-S4MINI
 Up to 799,600 BTU/hr

S Series
 The S Series comes with all the necessary equipment needed for a 2 to 6 tankless commercial system.

Features

- One Point of Connection
- Aluminum Frame
- 2 to 6 - Noritz NCC199CDV (G060) Tankless Water Heaters with System Controller
- 1½" Water & Gas Manifolds
- ¾" Condensate Drain Manifold
- Expansion Tank Included
- Breaker Box w/ Included Circuit Breakers

- Pump Controller with Timer
- Surge Protector
- Building Recirculation Pump
- Shutoff Valves
- Well Immersed Thermistors for Easy Monitoring of Building Hot Water Performance

TWST Series
 The TWST Series provides options for a 2 to 6 tankless water heater system combined with a 120 gallon storage tank to tackle any commercial demand.

Features

- One Point of Connection
- Aluminum Frame
- 2 to 6 - Noritz NCC199CDV (G060) Tankless Water Heaters with System Controller
- 120 Gallon Storage Tank Included
- 1½" Water & Gas Manifolds
- ¾" Condensate Drain Manifold
- Expansion Tank Included
- Breaker Box w/ Included Circuit Breakers
- Pump Controller with Timer
- Surge Protector
- Building Recirculation Pump
- Storage Tank Recovery Circulator

- Shutoff Valves
- Well Immersed Thermistors for Easy Monitoring of Building Hot Water Performance
- 2" Hot Water Supply to Storage Tank
- Y - Strainer
- 2" Cold Make Up Water
- 2" Supply through Pump to Tankless
- 2" Pump Bypass
- Integrated 2" Check Valves
